GHF100 Active Cooling Fan

For Gaming Handheld

Patented Design

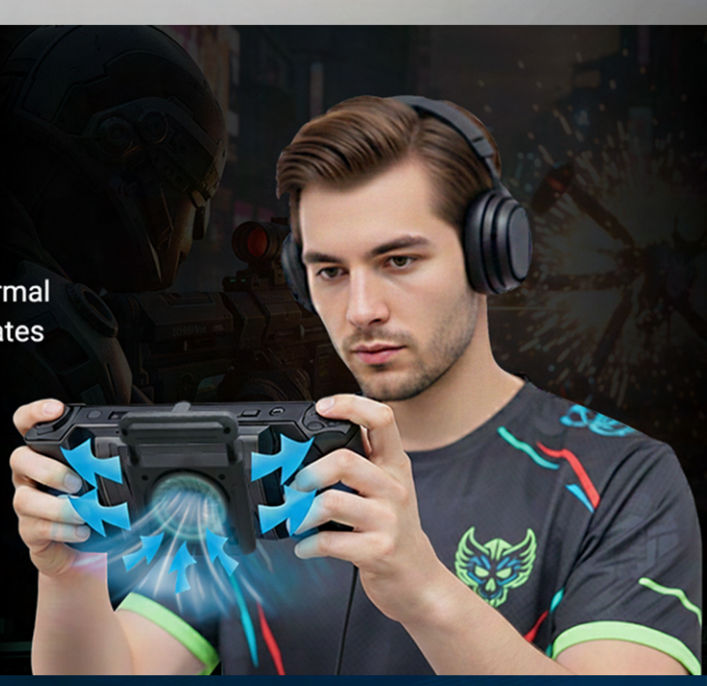
Active Cooling

Quiet Power

Multi-speed high-efficiency fan engineered for low vibration and quiet operation.

Consistent Peak Performance

Active heat dissipation prevents thermal throttling for sustained high frame rates during intense gaming.



Patented Adjustable Clamp

Integrated clamp securely attaches to different handheld sizes for a stable fit.

Fold-Out Stand

Built-in 60° stand props your device at an ergonomic viewing angle.

Portable Multi-Purpose Fan

Adjustable airflow for personalized comfort anywhere.

Connect Screens. Share The Moment.

One-tap screen sharing to the big screen— bring everyone in and make it a moment.
